

Oxea Lifts Force Majeure on US Intermediates

Dallas, September 30, 2014 – The chemical company Oxea today announced that it is lifting the announced Force Majeure declaration that was in place for intermediates products out of the Bay City, Texas facility. The plant repairs have been completed successfully and the facility is running at full rates. All sales controls that were in place have now been lifted.

About Oxea

Oxea is a global manufacturer of oxo intermediates and oxo derivatives, such as alcohols, polyols, carboxylic acids, specialty esters, and amines. These products are used for the production of high-quality coatings, lubricants, cosmetics and pharmaceutical products, flavorings and fragrances, printing inks and plastics. In 2012, Oxea generated revenue of about EUR 1.5 billion with its over 1,400 employees worldwide. Oxea is owned by Oman Oil Company S.A.O.C.
