

News Release

Oxea increases carboxylic acids prices from Oct. 01, 2017

Monheim am Rhein, Germany, September 18, 2017 – Oxea announces an increase for list and off-list prices for carboxylic acids. The increase varies depending on single product and will be effective from October 1, 2017, in Europe, and applies to all orders shipped on or after this date as contracts allow. As one of the world's leading suppliers for carboxylic acids, Oxea remains committed to its high-quality product standards and reliable services that customers have come to expect.

Product	Europe EUR/mt
n-Butyric Acid	100
Isobutyric Acid	100
2-Ethylhexanoic Acid	100
n-Heptanoic Acid	200
Pelargonic Acid	200
Isononanoic Acid	100

About Oxea

Oxea is a global manufacturer of oxo intermediates and oxo derivatives, such as alcohols, polyols, carboxylic acids, specialty esters, and amines. These products are used for the production of high-quality coatings, lubricants, cosmetics and pharmaceutical products, flavorings and fragrances, printing inks and plastics. Oxea employs more than 1,400 people worldwide. Oxea is part of the Oman Oil Company S.A.O.C. (OOC), a commercial company wholly owned by the Government of Oman. Established in 1996, it pursues investment opportunities in the wider energy sector both inside and outside Oman. OOC plays an important role in the Sultanate's efforts to diversify the economy and to promote domestic and foreign investments. For more information about Oxea, visit www.oxea-chemicals.com.
